

greensIRON 3000 Series Turf Rollers

Parts and Operations

Wood Bay has copies of parts and operations manuals for previous versions of our greensIRON 3000 series of turf rollers, some of which have differing transmission systems. These are not yet available for download via our website. Customers who have purchased any of our older working models are advised to call either of the following numbers to request a copy of the appropriate documentation, or to seek advice from one of our parts and equipment representatives:

Tel. 780-468-4378

Toll Free (North America) 1-800-661-4942

Servicing and Maintenance

Our staff will assist you in finding the appropriate documentation and, if needed, will walk you through any technical issues or maintenance procedures. In this way, you may be assured that you are making the correct diagnosis and, if needed, will receive the correct part or parts.
